EXPLORERS
LEARN / CREATE / HELP / ACHIEVE

Children visiting Grootbos are very important individuals, with their own ideas and needs. We understand this and therefore take great care to keep our little guests happy.

At Grootbos Nature Reserve the children's activities are not just activities - they are a combination of education and fun in our wonderful natural setting. Our tailor-made children's program is about inspiring, educating and enthusing the children to make them curious of what is coming next and to ensure that they spend an exciting, fulfilling, and enjoyable time with us.

We cater for their physical well-being with special children's menus as well as refreshments and snacks during their activities.

Treasure Hunts in the Milkwood Forest

Enjoy the magic and mystery of the ancient Milkwood Forests

Egg Collecting

Start your day early and head to our small farm at the stables to collect your breakfast eggs

Organic Gardens

Forage your own fresh vegetables and fruit at our organic gardens

Horse & Pony Rides

Help feed and brush the horses and enjoy a stroll through the fynbos on horseback

Farm Animals

Become friends with our goats, bunnies, chickens and pigs

Entomology Experience

Join your guide on a walk to explore the insect life at Grootbos

Beach Day

Explore caves, go for a swim and build sand-castles

Arts & Crafts

Make art with natural resources collected during the day in our dedicated kids playground

***** Babysitters are available on request *****
