A little bit about Footsteps Camp

Hosting a maximum of six guests at a time, Footsteps Across the Delta offers a personal safari experience making it an ideal option for couples, small groups of friends or family alike.

The emphasis is on guided walks which allow you to focus on learning how to track wildlife and understand animal movement, patterns and behaviour.

Being on foot instead of in a vehicle also allows you to gain in-depth information on trees, grasses and the finer details.

Footsteps Accommodation

The Footsteps Camp base of the Footsteps Across The Delta walking safari is a comfortable private camp which accommodates guests in three specially designed Meru tents.

Each tent has its own newly refurbished en-suite bathroom including wash basin, porcelain flush toilet and bush shower, even a daily laundry service is provided. The 'bush kitchen' is run by our chef and prepares menus to whet all appetites.

One of the three twin/double bedded tents has an additional bedroom converting it into a family unit that sleeps five.

Footsteps Activities

At Footsteps Across The Delta you enter one of the great, untamed regions of Africa: the spectacular Okavango Delta.

Experience the astonishing contrasts created when the mighty Okavango River flows into the arid Kalahari Desert – the result is a variety of habitats, riverine forest, palm islands, permanent swamps and dry sandveld all with an unparalleled wealth of animal diversity.

Walking in the Okavango Delta's wilderness is the highlight of a 'true safari' experience. No special training is required as the focus is on exploration and discovery – tracking fresh spoor each morning to reveal the night's events. Other possible activities include game-drives,

Mokoro or fishing trips. The Footsteps Across the Delta walking experience combines well with the luxuries offered by either Shinde, Dinaka, Okuti or Kanana.
