

LOLEBEZI

AFRICAN BUSH CAMPS

Lower Zambezi, Zambia

A WILD, REMOTE & LUXURIOUS EXPERIENCE ON THE MIGHTY ZAMBEZI RIVER.

Set in the breathtaking, untouched wilds of the Lower Zambezi National Park in Zambia, Lolebezi is the latest property in the African Bush Camps family and is one of the most spectacular.

Set on five hectares of protected wilderness, the lodge has been designed to make the most of the one kilometre of private river frontage. Waking up with the majestic Zambezi River flowing just in front of your room is a truly exceptional experience!

The Lower Zambezi is a UNESCO World Heritage Site and has some of the best wildlife sightings in the world. Famous for its leopard population and elephant herds, this incredible destination is best experienced on foot with one of African Bush Camps' experienced guides. Walking through the towering acacia forests, searching for Africa's famous wildlife, is simply one of life's unbeatable adventures.

The contemporary lodge effortlessly incorporates the luxury expected in a world-class safari camp with a modest elegance and simplicity that can only be found in the African bush. Designed for both family and romantic escapes, Lolebezi has four superior luxury suites and two double luxury family units. The lodge is fully air-conditioned, with a private Plunge pool and thatched Sala on the river.

The name Lolebezi is derived from a combination of the owners' son's name "Lole" and "Zambezi", underlining the importance that is placed on family and the unique experiences waiting to be shared.
