

THE WALLOW LODGE

— VICTORIA FALLS —

Fact Sheet

2024

INTRODUCTION

The Wallow Lodge is located in the Wild Horizons Wildlife Sanctuary, peacefully nestled in the heart of the Victoria Falls National Park. The tented camp is set along the banks of the Masuwe River, surrounded by 4,500 acres of wilderness that stretch into the horizon, where a cloud of mist from the 'Mosi-Au-Tunya' commands the skyline. Victoria Falls is a short twenty-minute transfer from the lodge, giving guests the freedom to tailor-make their experience and find a balance between the exclusivity of the bush and the excitement of Africa's Adventure Capital.

Sixteen suites (two guests per suite for a maximum of 32 guests) are thoughtfully placed to capture the best views of the Masuwe River and surrounding wilderness. The imaginative use of canvas evokes a classic safari atmosphere, accentuated by all the modern creature comforts. Each room is raised beneath the shade of riverine trees, and from this elevated vantage point, guests can enjoy uninterrupted views of the river from their private balconies. The décor and attention to detail strike a perfect balance between contemporary, homely touches without detracting from the surrounding wilderness.

Panoramic views of the Masuwe River form the backdrop of the main area, seamlessly incorporating the unrushed rhythm of nature into vast, open-space interiors. Here, guests can relax and swim by the swimming pool, enjoy a cocktail at The Wallow Bar and share stories around the sunken fireplace in the evenings.

The Wallow Lodge is more than a luxury safari wilderness experience. It is a space for meaningful immersion, aimed at supporting conservation initiatives and community empowerment. Sustainable technology such as solar power, environmentally friendly decking, and non-disposable products ensure that every journey leaves a light footprint on the land.
