INTRODUCTION

THE ELEPHANT CAMP MAIN & THE ELEPHANT CAMP WEST

The Elephant Camp is nestled within the Wild Horizons Wildlife Sanctuary, resting lightly on a ridge between the Batoka Gorges and Masuwe River. The tented lodge is brimming with a timeless safari elegance which flows onto a spacious eco-friendly deck to reveal an uninterrupted view of the Batoka Gorge, watering hole and the breathtaking spray that swells above the Victoria Falls rainforest. The main area invites continuous engagement with the beautiful wild surrounds, from the al fresco dining area to the sunken fireplace and secluded viewing points.

The canvas suites are carefully placed to capture the best views, featuring private balconies complete with crystal clear pools, an outdoor shower and an elegant, uncluttered interior design. Three of the suites feature star beds, elevated on a platform to enhance the depth of the dramatic view.

To ensure an intimate and exclusive safari experience, The Elephant Camp is divided into two lodges, Main Camp and Camp West. VISIT THE VIC FALLS WILDLIFE TRUST

The Elephant Camp is surrounded by natural beauty, and we focus on creating a space where guests can form a relationship with and learn about the environment they are in. We do this through our partnership with The Victoria Falls Wildlife Trust, located in the Wild Horizons Wildlife Sanctuary adjacent to the lodge. VFWT is a non-profit entity and dedicated vehicle for promoting conservation awareness, education, and community empowerment. Guests will visit the High-Care Wildlife Rescue and Rehabilitation Centre and Laboratory facilities to learn about innovative conservation initiatives from a team of passionate research and wildlife experts.

ELEPHANT CONSERVATION EXPERIENCE

The Wild Horizons Elephant Sanctuary was established as a safe haven for orphaned elephants who had been abandoned or injured through incidents of poaching. Our private concession spans 4,500 acres and the herds roam freely, sharing the natural space with other wild animals, The Elephant Camp and The Wildlife Trust. This is their stepping stone back into the greater wilderness area and our goal is to have guests spend time with the herds in an immersive but unobtrusive way that demonstrates the value of conservation initiatives.

The experience begins with an insightful presentation, shedding light on our successful rescue-rehabilitate-reintegrate program and guests are welcome to ask questions before they venture out to wherever the herd have chosen to graze that afternoon to engage with the rangers and gain a deeper understanding of this keystone species.

The Elephant Conservation Experience goes beyond simply surveying wildlife, to encompass meaningful enlightenment that creates synergy between our guests and the wilderness.

The Elephant Conservation Experience has been accredited as a MAKE TRAVEL MATTER® experience by Thompsons Africa and the TreadRight Foundation. Find out more [here](#).
