

..... *Authentic Experiences*

# *The Village Community Walk*

We have been working with the local community of Kalagala to ensure that our guests see more than just our on-site activities and accommodation when staying with us, by offering a guided Village Walk to meet the local community.

Guided by an English-speaking Guide, all proceeds are distributed evenly to assist the community with their different projects.

**Highlights include:** Meeting the villagers and visiting a local homestead. Exploring the vanilla and sesame seed plantations and discovering where the fresh produce is grown that supplies our properties daily. Learn more about traditional brick making methods, basket and banana weaving and take the opportunity to purchase local crafts from the craft makers. Excited children will greet you when visiting either the village school or orphanage.

**Cost:** \$10 or 40,000 UGX per person.

**Duration:** 2 hours starts from Lemala Wildwaters, Adrift River Club or Overland Camp Gate.

Both morning and afternoon are available. Guided by an English speaking Guide.

Minimum 2 pax to confirm.
